

Bodyshop Solutions distributors of Wielander & Schill, Celette, Trisk & IRT, USI Italia, Elektron & Herkules Workshop Products are proud to announce that they have achieved IMI Awards approved centre status for the new ATA AM 009 welding module (BSI 4872 pt1 and BS1140).

The new module, which came in at the beginning of April, is mandatory for all ATA panel technicians going for re-accreditation and panel technicians who wish to become ATA accredited and is only available via an IMI Awards centre approved to deliver the AM009 module.

Bodyshop Solutions Welding manager and level 2 Cswip inspector Andy Roderick stated, "This is great news for Bodyshop Solutions we will be able to offer this module to all bodyshops and comes on top of our range of award winning equipment. IMI Awards is the leading awarding body for the UK automotive industry and to be appointed as an Assessment Centre is a great achievement."

At the same time Bodyshop Solutions High Strength Programme has achieved QAA status.
