

**CELETTE**

# OEM's Approvals

For several decades, CELETTE has established itself as the number one manufacturer of bench frames and tools for automotive body repair.

At the heart of its success, the company has always prioritized its relationships with automobile manufacturers.

These close ties, forged over time, are a testament to the seriousness and sustainability that underpin CELETTE's reputation on the international stage.

As a world-renowned equipment supplier, CELETTE specializes in manufacturing tools dedicated to the control, diagnostics, and repair of damaged vehicles. Innovation is at the core of its mission; the company is proud to be the inventor of cutting-edge technologies that ensure high-quality, precise, and reliable repairs. CELETTE is certified for a wide range of vehicles, from light vehicles to commercial ones, including trucks, trailers, and buses.

CELETTE's research and development team plays a crucial role in this dynamic.

They are committed to developing and maintaining strong relationships with automobile manufacturers around the world.

This collaboration allows CELETTE to design the equipment of tomorrow, thereby optimizing the damage repair process and meeting the growing demands of the automotive industry.

In summary, CELETTE does not merely provide tools; the company is building a future where quality and innovation go hand in hand through its strategic partnerships.

This relationship-focused approach makes CELETTE an essential player, ensuring repair solutions that meet market expectations.

# Homologations Constructeurs

Depuis plusieurs décennies, CELETTE s'impose comme le numéro un des fabricants de marbres et d'outillage pour la réparation de carrosserie automobile.

Au cœur de son succès, l'entreprise a toujours placé ses relations avec les constructeurs automobiles en priorité.

Ces liens étroits, forgés au fil du temps, témoignent d'un sérieux et d'une pérennité qui font la réputation de CELETTE sur la scène internationale.

En tant qu'équipementier de renommée mondiale, CELETTE est spécialiste dans la fabrication d'outillages dédiés au contrôle, au diagnostic et à la réparation de véhicules accidentés.

L'innovation est au cœur de sa mission ; l'entreprise est fière d'être l'inventeur de technologies de pointe qui garantissent des réparations de qualité, précises et fiables.

CELETTE est certifié pour une large gamme de véhicules, allant des légers aux commerciaux, en passant par les camions, remorques et autobus.

L'équipe de recherche et développement de CELETTE joue un rôle crucial dans cette dynamique.

Elle s'engage à développer et à maintenir des relations solides avec les constructeurs automobiles à travers le monde.

Cette collaboration permet à CELETTE de concevoir l'équipement de demain, optimisant ainsi le processus de réparation des dommages et répondant aux exigences croissantes de l'industrie automobile.

En somme, CELETTE ne se contente pas de fournir des outils ; l'entreprise bâtit un avenir où la qualité et l'innovation vont de pair grâce à ses partenariats stratégiques.

Cette approche centrée sur les relations avec les constructeurs fait de CELETTE un acteur incontournable, garantissant des solutions de réparation à la hauteur des attentes du marché.
